

Remarks

The Examiner has asked Applicants to elect a single invention. Three inventions have been identified by the Examiner, two of which are linked by linking claim, i.e., claim 1.

Applicants hereby elect with traverse Group I as identified by the Examiner in the Action which includes claims 2-4, 6, 7, 9, 10, 12-15 to a color filter. As the aforementioned linking claim, claim 1, is also directed at a color filter, Applicants kindly ask that this also be included in Group 1. Applicants appreciate that the Examiner has indicated that if claim 1 is found allowable then claims 5 and 8 will be rejoined.

Consideration of the elected claims on their merits is respectfully awaited.

Respectfully submitted,

Joseph C. Suhadolnik
